

**REMARKS**

Claims 1-40 and 48-52 are presently pending. Claims 5-8, 11-13, 19, 22, 24, 27-29, 35, and 40 have been amended to reduce claim fees. The claim amendments are not intended nor should they be construed as addresssing any issue relating to patentability. Claims 48-52 are new.

Support for the amendments and new claims can be found throughout the instant disclosure including the claims and Drawings as filed originally.

Particular support for new claim 48 can be found on pg. 3, lines 26-30 (especially in combination with originally filed claims "21a" and 22). Further specific support can be found on pg. 33 (disclosing, among other things, generation of a polyclonal cell line as a collection of cells).

Specific support for new claim 51 can be found on pg. 34, line 29 to pg. 35, line 19.

No new matter has been added by virtue of the claim amendments or new claims.

Early consideration of the above-referenced case is earnestly requested.

Respectfully submitted,

Date: 21 June 2005
